

LAKES & BRIDGES

Charter School

Building strong bridges between dyslexia and academic success.

presents

Technology Night

(open only for currently-enrolled LABCS families)

Tuesday, February 8

6:00 pm

at Lakes and Bridges Charter School

1600 East Main Street, Easley, SC

in the Dragon's Den

(side facing Frank Parrott Road)

Due to COVID, seating is limited, so an RSVP is required. All participants will be required to wear a mask the whole time over both their nose and mouth.

To reserve your spot, please RSVP to labcharterschool.org

We will host a Technology Night for Parents Tuesday, February 8th at 6:00pm. We will go over Google Classroom and all the various Google applications your student uses every day. We will also discuss Bloomz, Parent Portal/PowerSchool, Email, and other applications that may be useful to you at home when helping your student. You are welcome to bring your student, and we will have them use their Chromebooks during the session to help everyone be more comfortable with all the things we offer.

We hope to see you there!!
